

"BREATHING NEW LIFE INTO THURLEIGH" PLANNING FOR A SUSTAINABLE FUTURE

HAVE YOUR SAY

- All of **your comments** and suggestions are **immensely welcome** at today's launch event and throughout the process.
- As you walk around the room today, please **use the "stickies" provided to jot down your comments, suggestions and support** for the **Vision, the 8 draft objectives** and the **supporting actions**.
- If you think we have **missed anything**, or if there is an **issue or objective** of particular relevance to **you and our community**, do please let us know. **You can also do this after the launch event.**

In order to ensure the consultation process is **fair and proper**, we ask that you **include your name and address** on each sticky used.

Objectives will be finalised after all consultation has been completed so your comments are important.

You can find out what impact **YOUR** feedback is having on our project by visiting www.thurleigh.net
